

Highland Distillers Pension Scheme – Implementation Statement for 2019 DB Regulations

Statement of Compliance with the Highland Distillers Pension Scheme’s Stewardship Policy for the year ending 5 April 2022.

Introduction

This is the Trustees’ statement prepared in accordance with the requirements of the Occupational Pension Schemes (Investment and Disclosure) (Amendment) Regulations 2019. This statement sets out how the Trustees have complied with the Scheme’s Stewardship Policy (which is embedded in the Statement of Investment Principles) during the period from 6 April 2021 to 5 April 2022.

All the Scheme’s assets are invested in liability-hedging assets, bonds and other debt-based investments with no voting rights. As such, the Trustees focus on engagement.

Stewardship policy

The Trustees’ Stewardship (voting and engagement) Policy sets out how the Trustees will behave as an active owner of the Scheme’s assets which includes the Trustees’ approach to:

- The exercise of any voting rights attached to assets; and
- Undertaking engagement activity, including how the Trustees monitor and engage with their investment managers and any other stakeholders.

The Scheme’s Stewardship Policy is reviewed in line with any review of the Scheme’s Statement of Investment Principles (SIP), which was last completed in August 2021.

There were no changes to the Stewardship policy in the SIP during the year covered by this statement.

You can review the Scheme Stewardship Policy which can be found within the Scheme’s Statement of Investment Principles, at <https://www.edrington.com/en/policies>

The Trustees have delegated engagement activity in respect of the underlying assets to the Scheme’s investment managers. The Trustees believe it is important that their investment managers take an active role in the supervision of the companies in which they invest, by engaging with the management on issues which affect a company’s financial performance.

The Trustees’ own engagement activity is focused on their dialogue with their investment managers which is undertaken in conjunction with their investment advisers. The Trustees meet with their managers on a regular basis and the Trustees consider the managers’ exercise of their stewardship both during these meetings and through routine reporting provided by their investment adviser.

The Trustees also monitor their compliance with their Stewardship Policy and are satisfied that they have complied with the Scheme’s Stewardship Policy over the year to 5 April 2022.

Engagement activity

The Trustees hold meetings with their investment managers on a periodic basis where stewardship issues are discussed along with other investment matters. Over the last 12 months, the Trustees met with both their investment managers, Insight and Partners Group. The Trustees discussed the following issues over the course of the year:

Review of policies

In April 2021 the Trustees developed a set of Responsible Investment beliefs to guide their approach to Environmental, Social and Governance (ESG) issues. These Beliefs will be reviewed as the Trustees' approach to RI evolves.

The Trustees and their investment advisers remain satisfied that the responsible investment policies of the managers remain suitable for the Scheme.
